***REASONS FOR ALLOWANCE***

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment filed 9/15/05 overcame the technical deficiencies and the prior art rejection. Claims 1-2, 5, 7-11, 13-14 and 26-31 are allowed because the prior art of record does not suggest "a second input of the amplifier alternatively coupled to a first reference voltage source or a second reference voltage source as combined in claim 1" and the steps of "charging the capacitor in the element to a specific first reference voltage before tuning the filter stage and varying on the capacitor until the voltage drop across the capacitor is equal to second reference voltage and it is then charge in the opposite direction until the voltage which is dropped across capacitor is once again equal to the first reference voltage as combined in claim 31".

***CONCLUSION***

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
